I used PHP, MySQL, jQuery, Symfony, git, CSS, Highcharts, Protovis.

My main tasks were:

- Responsible for platforms, software and operability
- Create graphics in Protovis and Highcharts, libraries for related tasks in jQuery.
- Data entry, transformation and cleaning for Benchmarks.
- Voting platform in PHP and MySQL with project presentations for CIO and CPO Clubs.
- Develop the previous CETIUC website.
- Maintain operational infrastructure (AWS, ECS, domains, SVN and Apache servers).

March to
July 2018.

Teacher at IPG sede Panguipulli.

Afternoon teacher, taught the following subjects:

- *Basic Computing.*
- *Computing I.*
- *Computer applications workshop.*
